

PAPER RING PROJECT

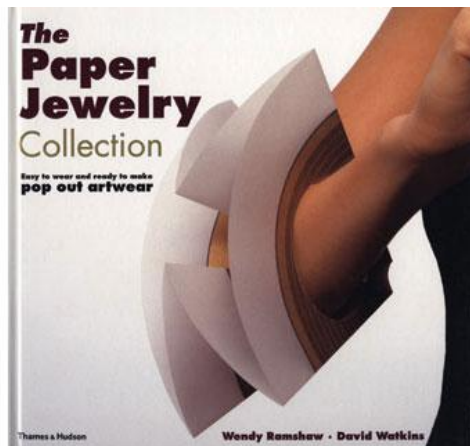

PROJECT DIFFICULTY: easy

PROJECT PREP: make template for younger campers to use

TOOLS/ MATERIALS: paper (solid colors look best, something thicker, like cardstock, is preferable), scissors, xacto knives

INSTRUCTIONS: Show campers examples!!! Follow template for younger campers, challenge older campers to figure it out and create their own designs

COMMENTS: Art history lesson: these rings were designed by famous British jewelry designer Wendy Ramshaw in the 1960's. She even had a book full of paper jewelry that you could pop out and make yourself. (pictured below)
